

COVID-19 Community Testing Resources

Hospice Austin does not provide testing or coordination of Covid-19 testing. It is the responsibility of the essential visitor to obtain proof of a negative test within 14 of your initial visitation to meet state mandated requirements. Below are some local community resources that may be able to provide you with direction on where you can complete testing:

1. Contact your Primary Care Provider to see if they are offering COVID-19 testing solutions.
2. Visit Austin public health at : <https://www.austintexas.gov/covid-testinfo>
3. Scan the QR code below for an interactive map of local testing sites:

Click on the red dots for location, hours and type of testing offered. It is always a good idea to call to confirm details and verify cost.

4. See attached clinic information from CommUnityCare or visit <https://communitycaretx.org/coronavirus-updates/coronavirus-updates.html>

Thank you for your understanding and we hope to welcome you soon.
